

MAILINGSOLUTIONS

AN FP GROUP COMPANY

FP Mailing Solutions Graded **A+ by the Better Business Bureau**

ADDISON, Ill. -- FP Mailing Solutions announced it has received a grade of **A+** by the Better Business Bureau.

The bureau, which formerly rated businesses Satisfactory or Unsatisfactory, recently introduced a new Ratings System that includes letter grades A+ to F. FP Mailing Solutions has been an accredited BBB company since November 2008.

Bureau letter grades are calculated by computer using a proprietary ratings formula that takes into account 17 weighted factors. The largest single factor in determining a letter grade is a company's overall complaint history with the BBB. FP Mailing Solutions has had a relatively small number of complaints registered with the BBB, and those were resolved satisfactorily.
